YOU & I

a film by Nils Bökamp
Germany 2014 · ~85 min

Summer in Berlin. Jonas is planning a trip through the little know area of the Uckermark in preparation for a photography project. He invites his best friend, Phillip, to come along. They've only seen each other a few times since their time together in London. So they pack up their Mercedes camper and take off across uncharted territory, stopping when they see something nice, taking pictures and generally enjoying a laid-back road trip. That Phillip's gay is not an issue for either of them. When they pick up a hitchhiker named Boris who shows Jonas interesting spots and starts to make moves on Phillip, the friendship of the two starts to fray. Maybe three's a crowd after all? By the end of the summer, things between Jonas and Phillip will never be the same.

YOU & I is a road movie across an unknown area of Germany, a romantic comedy about friendship, with little baggage, but spontaneous humor and wit. In short: images of a summer you're not likely to forget.
